5/ I will never seek the death penalty. My office will also review all post-conviction death penalty cases to ensure that there are no issues that should cause the conviction to be called into question.

**Jose for DA** @JosePGarza · Jan 11

6/ Prosecutors have enormous discretion, and it's why I have also pledged not to use the legal system to handle substance use issues. I will end the prosecution of possession or sale of all controlled substances under a gram.

# real justice

---

**José Garza will not prosecute sale or possession of a gram or less of narcotics.**

For larger amounts, his office will consider all appropriate diversion programs so that person may avoid a conviction if they are not a danger to the community.

**JOSÉ GARZA**

FOR DISTRICT ATTORNEY,  
TRAVIS COUNTY, TX (AUSTIN)

## José Garza for DA

December 13, 2019 at 1:57 PM · 🌐

When we treat substance abuse as a criminal issue, our communities and our children suffer. The revolving door of criminal justice for people with substance abuse issues is a waste of time, and resources. The evidence is clear that treating drug use as a public health issue, rather than a criminal justice issue, reduces harm and makes us more safe.

As DA, I will end the prosecution of the sale or possession of a gram or less of narcotics. We need a public health response in our communities that are struggling, not a criminal one.
